They will be greeted by our host who will take charge of all the Junior Keepers and escort them over to the Barnyard to start their day. A full and exciting day is planned – the Junior Keepers get access to most areas that the public cannot go into. They help get the farm ready for our visitors which includes cleaning, sweeping, replenishing their food and water. They help the public to hold and feed the animals. Then they have a special photo session, spend some close up time with our bugs, fish, butterflies, spiders & tamarins. Please find attached a booking form to be signed and returned.
