

WĒTĀPUNGA / LITTLE BARRIER GIANT WĒTĀ

Wētāpunga are one of the heaviest insects in the world and can grow to the size of your hand!

Wētāpunga are mostly nocturnal and like eating the leaves of native trees.

Images by Grubby Graphics

Come to our 1.30pm keeper talk to find out more about these wonderful wētā.
We'd love to see your colouring – email us at education@butterflycreek.co.nz
